

## TOMATO POUCHES

A better way to deliver deliciously rich tomato flavor.

Furmano's products are available in easy-to-use pouches.

Furmano's offers tomato products to fit every foodservice need. From condiment to specialty sauce, Furmano's flavorful items can be used as the foundation of your signature dish or as a tangy, heat-and-serve finishing touch. Packaging these premium tomato products in pouches helps maintain the fresh-from-the-vine flavor.

**FURMANO'S**  
GREAT TASTE IS A FAMILY TRADITION

# Fresh packaging to preserve fresh tomato flavor.

While preserving flavor, pouches also help preserve the environment. Compared to traditional packaging, flexible pouches require less material, use less total energy and reduce the amount of waste going to the landfill.

## A perfect fit for your foodservice operation.

- Shelf-stable standard pouches in #10 equivalent and 3-gallon sizes.
- Shelf-stable pouched products preserve more of the food's naturally delicious flavor and texture without refrigeration.
- Flexible pouch packaging is easier to open and safer to handle.
- Pouch packaging has less potential for damage if dropped.
- Compared to conventional packaging, pouches have less packaging material to throw away - less bulk in the dumpster.
- Lighter pouch packaging can provide lower shipping and storage costs.
